MEMORANDUM FOR THE RECORD

SUBJECT: Conversation with Dr. Brzezinski,
9 January 1980 []

1. I thanked him for his support on APEX. He indicated he had already signed a paper downgrading the directive on APEX from Top Secret to Secret. I told him I thought it could be even lower. He pointed out that it mentions [] in there and I believe he is right that we've kept that classified. []

2. I discussed the two transfer issues and how they've been resolved. I told him that over and above the rightness and wrongness of those decisions I was concerned at the amount of high-level time that had been focused on this minor issue. I urged that we not let this be an issue next year because there certainly are much more important budgetary problems to discuss. []

3. I didn't take up the SWS question. []
